# MULTIPLICATIVE THINKING — SET 2

**(A)** *Counts objects from one, one at a time to solve multiplication problems.*

How many altogether?

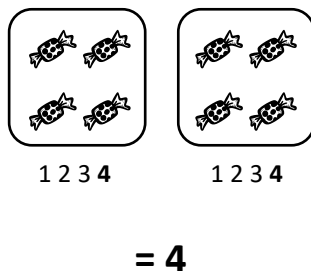

1  2   3   4   5   6   7   **8**

**= 8**

3 groups of 3, How many in total?

1,2,3    4,5,6    7,8,**9**

**= 9**

**(B)** *Solves simple division by sharing groups into same size groups and counts to check answers.*

Share 8 between 2

1 2 3 **4**     1 2 3 **4**

**= 4**

Share 12 between 4

**= 3**
